Outcome: Assessed as:	Competent:		Not yet competent:	
Authorising Officer Name:		AO Number:		
Signature:		Date:		

*Note:

1. All Training must be in strict accordance with the Highway Electrical Training Specification and must be delivered by Highway Electrical Skills Academy (HESA) Approved Trainers. The Training Specification and details on the Requirements for Approved Trainers are available as downloads from the HERS web-site - <https://thehea.org.uk/hers-hesa/approved-trainers/>
2. Add details of additional education & training evidence relevant to the occupation & tasks carried out
3. CBQ-NVQ Unit(s), which after a review of the NVQ portfolio evidence, can be identified within the 'Covered by NVQ' Column by changing the 'No' to a 'Yes'. This confirms that the QS has actually identified the appropriate evidence within the portfolio. It should be noted that some evidence may be equipment specific only. The 'Date Observed as Competent' column must reflect the date of the NVQ Certificate, and where appropriate, any additional unit/s
