Non-attributable Mandatory Element Declaration Form

This declaration is in respect of the HERS system and applies to those elements from other subsectors not selected on the Application Authorisation Form under the specific occupational title.

This declaration confirms:

- that the stated mandatory element below for the named operative has not been assessed for occupational sector competence within the HERS system
- that the named operative below does not carry out the related works for the competency element stated below.

Under no circumstances is this form to be used to remove mandatory elements under the Common Areas and the selected Specialist Area(s) for the specific occupational title as there is no authorisation to do so.
